

World Immunisation Week 24 - 30 April

Is your family up to date with their vaccinations?

**Immunisation helps to protect your children
against 17 diseases such as:**

- Whooping cough
- Septicaemia
- Meningitis
- Diphtheria
- Measles
- Tetanus
- Polio
- Rotavirus

"Immunisation currently prevents 2-3 million deaths every year from diseases like diphtheria, tetanus, influenza and measles"
-Department of Health (2020)

**The Vaccine nurses will be
visiting Westbourne Green
on
28th April 2023
2-4pm**

**If you would like to
discuss any questions
or fears that you may
have, please come
along for a chat!**

**Keeping up to date with vaccination
protects your child**
